PERSONAL STATEMENT/PROFILE

Motivated Level 300 Information Technology student at the University of Cape Coast with a strong interest in cloud technologies and modern web development. Aspiring to build a solid foundation in cloud computing through the Amalitech AWS Cloud Practitioner program. Possesses hands-on experience in building small full-stack projects using JavaScript, React, React Native, Next.js, Prisma, and PostgreSQL. Eager to learn, grow, and apply technical skills in real-world environments.

EDUCATIONAL BACKGROUND

University of Cape Coast | *Cape Coast, Ghana*
Bachelor of Science in Information Technology January 6th, 2024 – Present

Apam Senior High School | *Apam, Ghana*
WASSCE(Business). September 2022

PROJECTS AND EXPERIENCE

Ticketing Management System | [QRGate - Ticket Booking App](#) | July 2025

- Engineered a scalable relational database schema using PostgreSQL and Prisma ORM, ensuring data integrity and efficient querying.
- Collaborated in a team of 3 using **Git** for version control, following an Agile workflow.
- Improved application usability by incorporating UI/UX feedback from 10+ peer testers.

Campus Service Marketplace Web Application | [TaskLink Africa - Find Trusted Professionals Near You](#) | September 2024

- Architected a responsive web platform to connect students with trusted local service providers (cleaning, repairs, tutoring)
- Implemented a user-friendly interface that increased simulated user engagement in prototype testing.
- Gathered and incorporated feedback from 10+ peers to improve the UI/UX design.

LEADERSHIP EXPERIENCE

- **Assistant Treasurer** – New Apostolic Church University of Cape Coast Campus Congregation (NAC UCC). 2024/2025 Academic Year
- **Treasurer** - New Apostolic Church University of Cape Coast Campus Congregation (NAC UCC). 2025/2026 Academic Year (Present)
